

WEED TIGER'S 100% GUARANTEE

Weed Tiger, Inc. guarantees to its customers that each Weed Tiger is free from defects in material and workmanship and agrees to replace under this guaranty any defective Weed Tigers.

Each Weed Tiger package bears a statement recommending Weed Tigers not be used in weed-trimmers with motors greater than 32 cc. This statement serves to remind customers every weed trimmer motor's capacity will vary based on its load as dictated by the trimmer string size and length, or by the newly attached gadget. Users appreciate the toughness of Weed Tigers and understand not to over-work their weed-trimmer motor.

This guaranty is not transferable and does not cover damage or liability caused by improper handling, improper maintenance or improper use of any and all weed-trimmers, as recommended by their manufacturer.

Warranty replacement requests must be accompanied with dated purchase receipt and any recoverable defective parts.
